

Ringo Raglan Hood Add-On

Step 1:

With the two hood pieces right sides together, sew along the curved edge. Finish seams if desired.

Step 2:

Fold the hood band in half along the long edge so the wrong sides are together. Then match up the center of the band with the seam at the top of the hood. Match the ends of the band with the center front edge of the hood. Then while stretching the band sew the band in place.

Step 3:

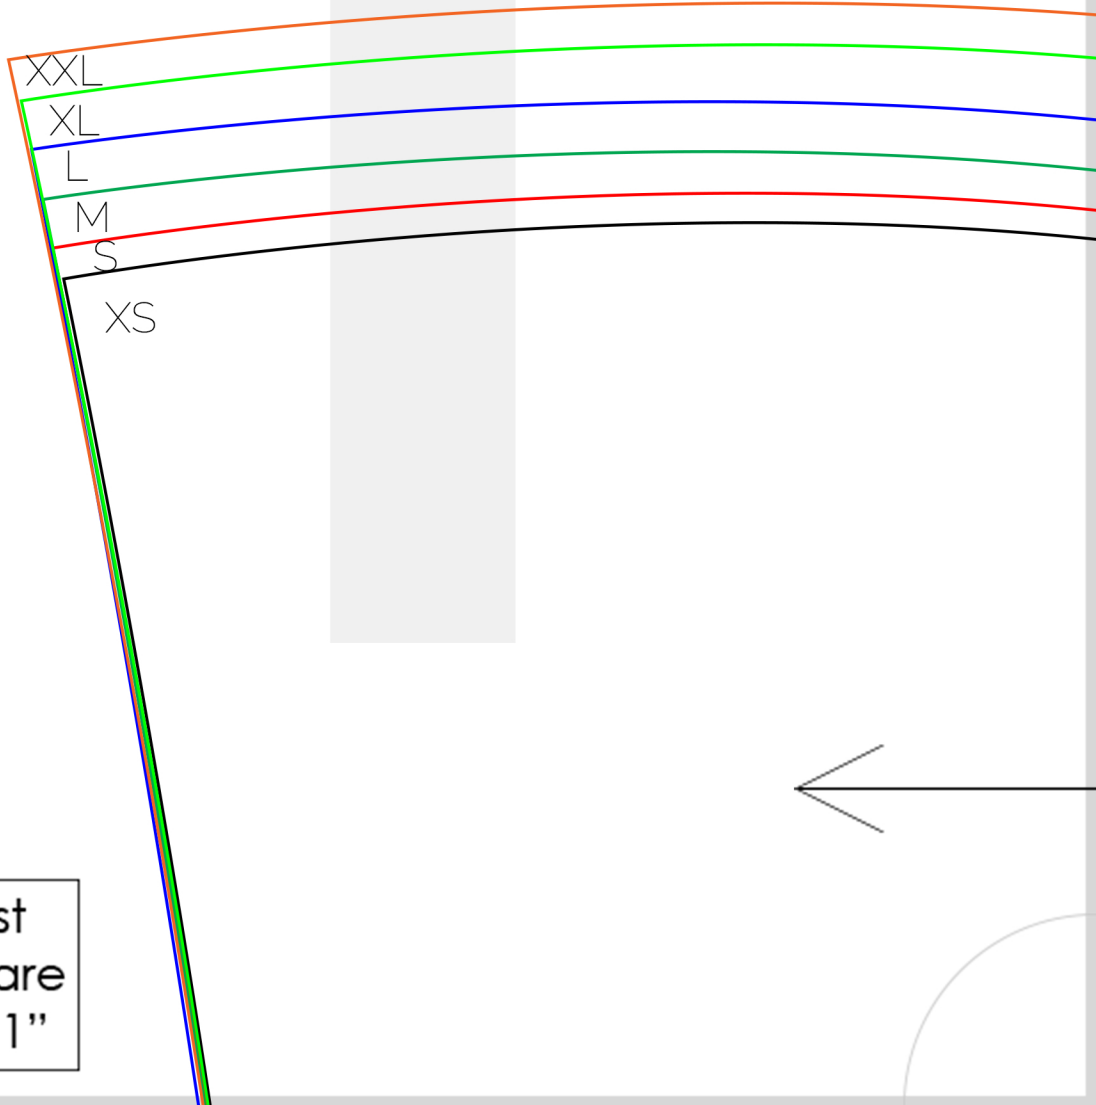

With right sides together, match the back seam of the hood to the center back neck line. The front of the hood will over lap at the marking on the pattern, the marking matching with the center front neckline. Then sew the hood to the neckline.

Then you are done!
